MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED — During the month of December, the Department of Human Services received 4,549 applications for Aid to Families with Dependent Children, a decrease of 367 (7.5 percent) from the number received during November. In comparison with the number of applications received during December of the preceding year, there was an increase of 1,156 applications (34.1 percent).

APPLICATIONS DISPOSED OF — Investigations were completed on 5,109 AFDC applications during December. This number was 70.5 percent of the total applications on hand. It compares with 65.1 percent of the total number on hand for which investigations were completed during the preceding month and 62.9 percent for which investigations were completed during the same month of the preceding year. Three thousand six hundred and thirty-three (71.1 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during December, in comparison with 3,554 applicants (70.6 percent of those investigated) approved the preceding month and 2,607 applicants (64.6 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented an increase of 2.2 percent over the number approved in November, and an increase of 39.4 percent over the number approved in December 1983. The rate of approvals for the AFDC Program increased over the preceding month by 0.5 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 6.5 percent.

ASSISTANCE PAYMENTS — Money payments for AFDC during December amounted to $7,254,381. This was an increase of 1.4 percent over the amount of money payments for November, and an increase of 5.5 percent over the money payments for December of the preceding year. Payments were made for 56.250 families with 104,286 children at an average grant of $128.97 per family and $69.56 per child. The average grant increased over November by $1.07 per family and $0.37 per child. In comparison with the same month of last year, the average grant showed an increase of $12.01 per family and an increase of $3.33 per child.

CASES CLOSED — Two thousand and ninety-nine AFDC cases were closed during December, a decrease of 32.9 percent from the November closures. In comparison with the same month of the preceding year, the closures showed an increase of 0.3 percent. Two hundred and one (9.6 percent) of the AFDC cases closed during December were closed because of a change in economic circumstances, chiefly increased earnings, or benefits/pensions increased, making these cases no longer in need in accordance with the standards of the Department. One thousand eight hundred and ninety-eight percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or gross income in excess of 150% of need standard.
